

9 December, 2021

Dear Parent/Caregiver,

Your child will be studying Middle School Mathematics next year.

The Mathematics Learning Area advises that all Middle School students are required to have and use a **scientific calculator** in their Mathematics lessons.

It is the policy of the school that mobile phones are not seen or used in class. Mobile phones are not appropriate to use in Maths as they do not offer all the functions which are needed for problem solving in Mathematics. In the majority of cases, i-pads do not support these needs either.

The Governing body for Senior School curriculum, the SACE Board, has specifications and conditions for use of graphics and scientific calculators in external examinations.

We have negotiated with Abacus Calculators to open an online parental portal for the purchase (and delivery) of your choice of a scientific calculator. If you would like to order one of these products for your Year 7, 8 or 9 student, please follow this link: www.abacuscalculators.com.au and type in the School's ID code UNLEYSI.

Please refer to the flyer overleaf for more information and link to graphics calculators for use in Senior School Mathematics. Alternatively, these calculators are available for purchase from recognised retailers such as Officeworks.

Please do not hesitate to contact me, via email at sharon.robertson@uhs.sa.edu.au for more information.

Yours sincerely

Sharon Robertson
Mathematics Coordinator

Greg Rolton
Principal

ONLINE STUDENT SCIENTIFIC CALCULATOR ORDER

Unley High School

NB: ORDERS ARE TO BE PLACED BY MIDNIGHT 2nd January 2022
