

## SPECIAL INTEREST FRENCH BILINGUAL AND BINATIONAL PROGRAM

Unley High School offers students in Years 7 – 10 the opportunity to join its Special Interest French Bilingual and Binational Program. Students remain together for subjects taught as part of the program and all the other subjects are taught in English.

### **Benefit for Students**

The French Bilingual and Binational Program is designed for students displaying an age appropriate level of understanding and proficiency in the French language to undertake the course. This program will give the students the opportunity to develop and perfect their language abilities, will improve their literacy skills and will develop a range of learning and thinking skills.

Subjects taught in the French language follow either the French national curriculum or a harmonised Australian / French curriculum. Students need to be motivated to excel and ready to be challenged in their learning.

### **Curriculum and Pedagogy**

The year 7 and 8 bilingual/binational curriculum is developed in such a way that both the Australian, as well as French educational outcomes are achieved in the subjects taught.
