Summit Program

A Pathway for High Ability Learners

SUMMIT PROGRAM 2024

High Ability Learners require a learning environment that fosters wellbeing and learning outcomes consistent with their abilities. The learning environment should provide educational pathways and appropriately challenging enrichment, extension and acceleration experiences.

The Unley High School Summit Program provides a guided and supportive educational pathway for students who have been identified as 'high ability learners'. It aims to enrich and challenge students to achieve academically and personally during their secondary education.

Students in the program are able to select one of two streams (STEM or English/Language) or study in both streams. This allows them to study subjects at a deeper and more focused level.

Summit students are also provided with enrichment opportunities in other subject areas.

KEY DATES

29/09/23

28/10/23

7-9/11/23

SUMMIT IS AN ENRICHMENT NOT ACCELERATION PROGRAM

Units delivered align with the Year 7 Australian Curriculum units and content descriptors, however extension and increased complexity will be incorporated in teaching, learning and assessment to support the development of strong higher order thinking skills.

SUMMIT PROGRAM FOR YEAR 7 -2024-

YEAR 7 ENTRY IN 2024 SELECTION PROCESS
